ILS
R

Follow workplace guidelines

- Some workplaces have specific requirements that all employees, volunteers and work experience students must follow
- Workplaces have QR codes or a manual system for recording who has been on the premises, including employees and work experience students

Scan the QR Code
at the location to
check in

During work placement

- It is your responsibility to always follow good personal hygiene practices and social distancing.
- It is also your responsibility to follow the specific workplace COVID requirements, just as all the other employees are expected to.
- Be clear on what your workplace expects you to do to meet their COVID requirements.
- Ask your supervisor if you are unsure about the COVID requirements.

STOP THE SPREAD

COVER COUGHS

and sneezes with a
tissue or your elbow

WASH HANDS

regularly, especially
when unwell

WIPE SURFACES

that are touched
frequently

STAY HOME

from work, school,
childcare if unwell

COVID Hygiene

- Everyone – even when well – can help slow the spread of COVID-19.
- This means:
 - wash your hands often with soap and water. This includes before and after eating and after going to the toilet
 - use alcohol-based hand sanitisers when you can't use soap and water
 - avoid touching your eyes, nose and mouth
 - clean and disinfect surfaces you use often such as benchtops, desks and doorknobs
 - clean and disinfect objects you use often such as mobile phones, keys, wallets and work passes
 - increase the amount of fresh air by opening windows or changing air conditioning

Source: [health.gov.au](https://www.health.gov.au)

There is no evidence that alcohol-free hand rubs are effective against viruses like COVID-19.

Experts recommend you don't use alcohol-free hand sanitiser.

[health.gov.au](https://www.health.gov.au)

touch your face, or use the toilet

What if you are feeling unwell?

If you feel unwell at home:

- Stay home – do not go to your work placement
- Contact your work placement supervisor as soon as you can to let them know that you are unwell and unable to come into the workplace.
- Contact your Work placement supervisor or teacher at your school to let them know you are unwell. They will check that you have contacted your supervisor
- If you have any symptoms of COVID-19, you must get tested and cleared before returning to your workplace or to school.

If you feel unwell in the workplace:

- Maintain social distancing
- Contact your supervisor to let them know you feel unwell, before you leave the workplace
- Contact your parent or guardian to let them know you are unwell and must go straight home
- Go directly home
- Once you are at home, stay home
- Contact your Work placement supervisors or teacher at your school to let them know you are unwell. They will check that you have contacted your supervisor
- Get tested if there is even one mild symptom

If you feel unwell

If you have any symptoms of COVID-19, you must get tested and cleared before returning to your workplace or to school.

Remember to:

Keep practising good hygiene

Get tested as soon as symptoms appear

Stay 1.5 metres apart

Wear a mask
